Four points of clarification are needed about the theme of this chapter and the title itself. First, from a non-Western perspective the twentieth century could be said to begin in 1905 when Japan defeated Russia, an event that destroyed the widespread myth of European invincibility and was celebrated by millions from China to Peru, or in 1918 when the savagery of the First World War, or what ...

The history of political thought dates back to antiquity while the history of the world and thus the history of political thinking by man stretches up through the Medieval period and the Renaissance. In the Age of Enlightenment, political entities expanded from basic systems of self-governance and monarchy to the complex democratic and communist systems that exist of the Industrialized and the Modern Era. In parallel, political systems have expanded from vaguely defined frontier-type boundaries,

by Ellen Meiksins Wood. From Machiavelli to Rousseau, reading theorists as responding to the conflicts of their time. The formation of the modern state, the rise of capitalism, the Renaissance and Reformation, the scientific revolution and the Age of Enlightenment have all been attributed to the "early modern" period. Nearly everything about its history remains controversial, but one thing is certain: it left a rich and provocative legacy of political ideas unmatched in Western history.
