INSTALLATION MANUAL

"I've been using Wrightsoft since the late 80's. Public Service Company in Oklahoma's "Good Cents" program required an ACCA Manual J load calculation and ACCA Manual D duct design to qualify as a "Good Cents" structure. As long as the information is entered correctly, Wrightsoft takes all of the guesswork out of the equation.

Wrightsoft HVAC Design and Sales Software

IRC requires the system to be designed as per ACCA Manuals J and D or other approved methods. The manuals provide for a pencil and paper approach, with other approved methods being specified in Manual J under section A2-5 (page 77), that states "or third-party software approved by ACCA".

Public Services Department Building Division ...

If a ACCA Manual J (or equivalent) heating and/or cooling system sizing calculation is submitted, the heating size worksheet does not need to be completed. It is important to note that the codes also require a cooling system size calculation. This form will not provide the cooling calculation. It does not have the needed solar gains function.
