Altech 4121 240V VAST Satellite Decoder
Troubleshooting The Altech UEC 4121 VAST
satellite decoder was the first Australian
VAST Certified decoder to hit the Australian
market. Although it is not regarded as the
most user friendly decoder, it did prove to
be relatively reliable over time. However,
this is not to say that it did not have
issues.

I am a regular Dell customer. Received Altec Lansing ADA745 Speakers with my Dell Computer. The cable from "right front" speaker has a broken wire or loose connection in the plug. It is the "power connection wire" for a short while was able to make it work by moving cable around as it came out of the plug but no more.
