Children have a natural desire to understand how things work in our world. Friendly Physical Science provides the pathway on which a child can explore and make

sense of how and why things do what they do in our homes, schools and workplaces. Friendly Physical Science includes several hands-on, minds-on design engineering challenges (STEM) as well as labs to allow a student to experience the concepts presented in the lessons. A workbook and tests and solutions manual (sold separately) allow the student to practice the concepts and then verify their understanding. Friendly Physical Science is the first in the Friendly Sciences series which can be followed by Friendly Biology and Friendly Chemistry.
