The Hood Health Handbook is a comprehensive source of information and insight on nearly every health issue faced by the urban community. In plain language, the authors draw on well-known examples from urban culture to illustrate what works...and what doesn't. Focusing on natural and affordable approaches, the authors provide recommendations that anyone can put to practice. Volume One focuses on the status of health in the urban community, the "wrong foods" that make us unhealthy, the history of diet and healthcare among Black and brown people (focusing on how things changed for the worst), the diseases and illnesses that plague our communities, and holistic (natural) methods to heal and treat ourselves into wellness.

Essential Art Deco captures the essence of the style which swept across the globe in the 1920s and 1930s, altering the skyline of cities from Shanghai to Rio, and adding an exotic vibrant edge to everything from cinema and fashion to ocean lines and automobiles. Beautifully illustrated throughout, the book explores the extraordinary visual language of the style. Skillful juxtaposition of source material and iconic Deco pieces shows how designers borrowed from the exotic cultures of Ancient Egypt, Meso-America, the oriental East and Africa and from the man-made world of skyscrapers and machines, developing in the process a new and highly distinctive iconography. Images inspired by the natural world of plants and animals, sunbursts and fountains, contrast with the geometric forms of avant-garde painting and design, culminating eventually in the symbolic idiom of streamlining. Deeply eclectic and highly decorative, Art Deco was all about fantasy, fun and glamour - themes that are celebrated in this attractive book and which still strike a popular chord today.

This problem-solving text highlights the key issues faced by managers in identifying, capturing and systematising information in order to improve organisational performance.

The lord of snark, Lawrence Dorfman, is back! With this treasury of backhanded compliments, sarcastic insults, and catty comebacks, Dorfman gives us transformative wisdom that's sure to change your life—or at least induce a light chuckle. One question plagues us all: How do we survive all the Sturm und Drang of everyday life? The answer is but one word: snark. "She wears her clothes as if they were thrown on by a pitchfork." —Jonathan Swift "Why don't you get a haircut? You look like a chrysanthemum." —P. G. Wodehouse "He's a mental midget with the IQ of a fence post." —Tom Waits "They hardly make 'em like him anymore—but just to be on the safe side, he should be castrated anyway." —Hunter S. Thompson "He has a Teflon brain. . . nothing sticks." —Lily Tomlin "He has no more backbone than a chocolate éclair." —Theodore Roosevelt Snark will keep the wolves at bay (or at least out on the porch). Snark, much like a double scotch, will help you deal with relatives, shopping, and rudeness; it is an outlet for the unleashed vitriolic bile that's saved itself up over the months. Like a shield, it will protect you while you go about your life. Snark is your answer!
