The BMW E39 is the fourth generation of BMW 5 Series, which was manufactured from 1995 to 2004. It was launched in the sedan body style, with the station wagon body style introduced in 1996. The E39 was replaced by the E60 5 Series in 2003, however E39 Touring models remained in production until May

Think your best option for some bass

Online Library Bmw 5 Series E39 Installation

without a massive floor install (although this would be good!) is to add the amp to your rears and consider replacing the speaker pods. Think you have 6" rears (rather than the 5.25" in the saloon) which should rock, IF, they had room to breath, but the speaker pods are so small, there's no air volume for the speaker to actually work effectively.
