A sampling of topics include: *The Mind of a Child* This chapter is the foundation for what is discussed throughout the book. It explores personality quirks and how they are formed, and will talk about things that parents can do from day one to day one thousand (and beyond) to help their children develop. Tips will be about how to recognize their differences but still instill good habits. After all, good parenting is really about being a good psychologist—knowing your child's brain, and helping them develop who they are. *Nutrition* Of course, a big part of parenting is making sure that kids learn how to keep themselves healthy and fit for a lifetime. This chapter emphasizes good nutrition and eating habits for all ages. It will address biologic differences like number of taste buds and requirement for dozen exposures to taste to achieve change. *Physical Activity* With the help of Joel Harper, fitness expert who appears on all of the *YOU* DVDs, this chapter will be filled with information and advice on how to make sure your kids are growing in all the right places. *Taking Care of YOU* This chapter takes a step back to show how being a good parent also means taking care of yourself and your dreams in order to show your kids how to love. With these topics and many more, America's most trusted doctors once again come to the rescue and teach parents the best ways to raise healthy, happy, children.

America's favorite doctors Michael Roizen and Mehmet Oz cover pregnancy from conception to birth. Few life experiences feature emotional swings as extreme as those of pregnancy—it's a monumental mix of both intense excitement and skip-a-beat anxiety. How do you respond to such a situation? If you're like most, you scour websites, read books, browse blogs, and pick the brains of every friend, family member, and store clerk who's ever had a baby. You talk about the ups and downs, the cravings and the nausea, the maternity clothes and the stretch marks. During this 280-day journey, this sometimes scattered mind-set is perfectly natural—and healthy. But often you need help cutting through the clutter. In *YOU: Having a Baby*, Dr. Mehmet Oz and Dr. Michael Roizen, America's Doctors, will help ease your tension by teaching you not only about what you can do but also why you should do it. They'll explore the biology of your body with amazing insights about a cutting-edge new field called epigenetics, which gives you the power to change the genetic destiny of your child. And they'll give you all the ins and outs of nutrition, exercise, hormones, fetal development, and many more pregnancy-related issues. Using their signature wit and wisdom, they'll test your knowledge, bust many myths, and reassure you that your maternal instincts are usually pretty darn good. After all, the doctors want the exact same thing as you do during this journey—a healthy baby (and a healthy mom). Be assured that *YOU: Having a Baby* will be one of your favorite passengers on this wonderful ride.

and hilariously, she says what only the brave dare to think. --Laurie Notaro Like an edgier, naughtier, southern-bred Erma Bombeck, award-winning columnist Susan Reinhardt has made diehard fans of fellow writers and newspaper readers across the country with her wickedly skewed reports from the trenches of American family life. In this collection of never-before-published essays and stories, she takes her uncensored trademark wit just a little further than ever before--with hilarious and poignant results. From telling off a too-perfect sorority sister twenty years later to going public with her "grumpy vagina"; from facing down those who would judge her in a mall ladies' room to eulogizing her beloved smokin' granny, Reinhardt cuts straight to the heart of the sublime, the ridiculous--and the saggy--realities of being a working wife, mother, and certified slave to a culture that worships women who sport thighs the size of her upper arms. "Susan Reinhardt takes the naked, honest truth and sets it on fire in a blaze of laughter. Boldly, brazenly, and hilariously, she says what only the brave dare to think." --Laurie Notaro "Surgical patients should forgo reading this book until all sutures are completely healed. Susan Reinhardt is a riot!"--Jill Conner Browne "Funny, wise, and warm. . .from sidesplitting to achingly tender." --Celia Riverbank "Hilarious, captivating. . .no one is more accomplished at the fine Southern art of storytelling than Susan Reinhardt."--Ronda Rich Susan Reinhardt is a syndicated columnist and feature writer whose work has appeared all over the world in major newspapers such as the Washington Post, London Daily Mirror, Newsday, and other Tribune Media and Gannett publications. Reinhardt has won dozens of awards for her writing, including several Best of Gannett honors and a Pulitzer nomination. A long-time volunteer fundraiser for Hospice, the United Way, the American Lymphoma and Leukemia society, the PTO and other worthwhile and not so worthwhile causes, Reinhardt is also a proud member of the Not Quite Write Book Club, a group of ten women who drink wine and pretend to act literary. A true Daughter of the South, Susan Reinhardt was born in South Carolina, was raised in Georgia and currently makes her home in Asheville, North Carolina, the jewel city of the Blue Ridge Mountains. She has two adorable children and still calls her mama every night.
