But don't just take our word for it!

~~Happiness and Humans—The Happiness Index~~

"Humans may resemble many other creatures in their striving for happiness, but the quest for meaning is a key part of what makes us human, and uniquely so." -Roy Baumeister et al. (2013) Unlike happiness, meaning is not a fleeting state that drifts throughout the day; it's a more comprehensive sense of purpose and feeling of contributing to something greater than yourself.

The author, Shawn Achor, is a lecturer at Harvard University and he co-designed Harvard's 'Happiness' course. He presents over 150 lectures each year on the science of happiness and human potential. He conducted the largest ever study on happiness and human potential, surveying more than 1600 students.

~~15 Best Happiness Books and Are They Worth Your Time?~~

In Happiness for Humans, Daniel C. Russell takes a fresh look at happiness from a practical perspective: the perspective of someone trying to solve the wonderful problem of how to give himself a good life. From this perspective, 'happiness' is the name of a solution to that problem for practical deliberation.

~~Happiness for Humans—Hardeover—Daniel C. Russell~~

Explanation: If we take life seriously, we'll never embrace ourselves as complete human beings. We must experience joy, fun, and relaxation so that we can share those feelings with the ones we love. 7. "Now and then it's good to pause in our pursuit of happiness and just be happy." – Guillaume Apollinaire

~~40 Inspiring Motivational Quotes for Being Happier | Cleverism~~

"Humans, as a rule, don't like mad people unless they are good at painting, and only then once they are dead. But the definition of mad, on Earth, seems to be very unclear and inconsistent. What is perfectly sane in one era turns out to be insane in another. The earliest humans walked around naked with no problem.
