Profiles the leaders and forces of the Native Americans and cavalry; outlines events leading up to the battle; analyzes the battle, making extensive use of maps showing unit movements; and examines the myths that were generated from the fight.

'Easily the most significant book yet published on the Battle of the Little Bighorn.'--Paul L. Hedren, Western Historical Quarterly "[Gray] has applied rigorous analysis as no previous historian has done to these oft-analyzed events. His detailed time-motion study of the movements of the various participants frankly boggles the mind of this reviewer. No one will be able to write of this battle again without reckoning with Gray"--Thomas W. Dunlay, Journal of American History "Gray challenges many time-honored beliefs about the battle. Perhaps most significantly, he brings in as much as possible the testimony of the Indian witnesses, especially that of the young scout Curley, which generations of historians have dismissed for contradictions that Gray convincingly demonstrates were caused not by Curley but by the assumptions made by his questioners . . . The contrasts in [this] book . . . restate the basic components of what still attracts the imagination to the Little Bighorn."--Los Angeles Times Book Review "Gray's analysis, by and large, is impressively drawn; it is an immensely logical reconstruction that should stand the test of time. As a contribution to Custer and Indian wars literature, it is indeed masterful."--Jerome A. Greene, New Mexico Historical Review John S. Gray was a distinguished historian whose books included the acclaimed Centennial Campaign: The Sioux War of 1876. Custer's Last Campaign is the winner of the Western Writers of American Spur award and the Little Bighorn Associates John M. Carroll Literary Award.

This accessible paperback in the "Facts About" series covers all aspects of the famous campaign in surprising detail, with much hard-to-find information on the background of the participants, the Mexican viewpoint, and the continuing mystery of possible survivors.

Eyewitness accounts by Native Americans, archaeological evidence, and archival materials combine to offer new perspective on the Battle of Little Bighorn

This is the first major illustrated book to examine the life and death of General Custer.

"An engrossing and tautly written account of a critical chapter in American history." --Los Angeles Times Nathaniel Philbrick, author of In the Hurricane's Eye, Pulitzer Prize finalist Mayflower, and Valiant Ambition, is a historian with a unique ability to bring history to life. The Last Stand is Philbrick's monumental reappraisal of the epochal clash at the Little Bighorn in 1876 that gave birth to the legend of Custer's Last Stand. Bringing a wealth of new information to his subject, as well as his characteristic literary flair, Philbrick details the collision between two American icons- George Armstrong Custer and Sitting Bull-that both parties wished to avoid, and brilliantly explains how the battle that ensued has been shaped and reshaped by national myth.

Investigates the enigmatic Native American figure, assessing critical battles attributed to his leadership within a context of the Great Sioux Wars, exploring the relationships between the Lakota Sioux and other tribes and analyzing the subjugation of North Plains Native Americans. Reprint.

Treats the battle with Custer from the Indians' point of view, showing how their "victory" was merely a last hurrah for a landless people stripped of their rights.

On the hot Sunday afternoon of June 25, 1876, Lieutenant Colonel George Armstrong Custer decided to go for broke. After dividing his famed 7th Cavalry, he ordered his senior officer, Major Marcus A. Reno, to strike the southern end of the vast Indian encampment along the Little Bighorn River, while Custer would launch a bold flank attack to hit the village's northern end. Custer needed to charge across the river at Medicine Tail Coulee Ford. We all know the ultimate outcome of this decision, but this groundbreaking new book proves that Custer's tactical plan was not so ill-conceived. The enemy had far superior numbers and more advanced weaponry. But Custer's plan could still have succeeded, as his tactics were fundamentally sound. Relying on Indian accounts that have been largely ignored by historians, this is also a story of the Sioux and Cheyenne warriors. Custer's last move was repulsed, resulting in withdrawal to the high ground above the ford and it was here, on the open and exposed slopes and hilltops, that Custer and his five companies were destroyed in systematic fashion. This book tells for the first time the forgotten story of the true turning point of America's most iconic battle. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Describes the Battle of the Little Bighorn from the Native American point of view.
