**Lecturers, why waste time waiting for the post to arrive? Request your e-inspection copy today!** In the new third edition of this popular and highly readable book, the author draws on her considerable experience and extensive research to demonstrate a creative dynamic mode of reflection and reflexivity. Using expressive and explorative writing combined with in-depth group work/mentoring alongside appropriate focussed research, it enables critical yet sensitive examinations of practice. Gillie offers a searching and thorough approach which increases student and professional motivation, satisfaction, and deep levels of learning. She clearly explains reflection; reflexivity; narrative; metaphor, and complexity, and grounds the literary and artistic methods in educational theory and values. Clear step-by-step practical methods are given for every aspect of the process. New to this edition are: A chapter presenting different ways of undertaking and facilitating reflective practice Further international coverage, including material from Australia, New Zealand and the United States. The Third Edition also includes: An annotated glossary explaining key terms End-of-chapter activities and exercises Suggested further reading, and clear guides on chapter contents and how to use the book. Companion website www.uk.sagepub.com/bolton An accompanying companion website includes a range of free additional materials for lecturers and students to use in tutorials and for independent study, including discussion, workshop exercises, glossary and online readings. The methods are appropriate to, and used worldwide by, students and professionals across education; medicine and healthcare; clinical psychology; therapy; social work; pastoral care; counselling; police; business management; organisational consultancy; leadership training.

Are you struggling to get your head around John Dewey ' s educational pragmatism? What exactly is Jean Piaget saying about cognitive development? Maybe you ' re running out of time and patience making sense of Carol Dweck ' s mindsets? Have you reached breaking point reading Daniel T. Willingham on educational neuroscience? Written for busy teachers, trainers, managers and students, this 'dip-in, dip-out' guide makes theories of learning accessible and practical. It explores 130 classic and contemporary learning theorists in an easy-to-use, bite-sized format with clear relevant illustrations on how each theory will benefit teaching and learning. Each model or theory is explained in less than 350 words, followed by a 'how to use it' section. What's new to this edition: A new early childhood theorists section A new communication theories section Additional ' on trend ' theorists throughout New ' critical view ' features added to each entry.
