

## Math 242 Solution Manual

This is likewise one of the factors by obtaining the soft documents of this **math 242 solution manual** by online. You might not require more period to spend to go to the ebook initiation as well as search for them. In some cases, you likewise reach not discover the declaration math 242 solution manual that you are looking for. It will agreed squander the time.

However below, taking into account you visit this web page, it will be appropriately very easy to acquire as competently as download lead math 242 solution manual

It will not allow many period as we tell before. You can accomplish it though accomplish something else at house and even in your workplace. fittingly easy! So, are you question? Just exercise just what we have enough money below as capably as review **math 242 solution manual** what you like to read!

Math 242: Principles of Analysis Fall 2016 Homework  
3 Part B Solutions 1. Show that the sequence  $x_1 = 1$ ,  
 $x_{n+1} = x_n + \frac{1}{x_n}$  diverges. (Hint: Suppose it did  
converge.) Solution. Suppose  $x_n$  converges. Let  $a =$   
 $\lim x_n$ . Clearly  $x_n > 0$  for all  $n$ , so  $x_{n+1} = x_n + \frac{1}{x_n} >$   
 $x_n$  for all  $n$ . Thus  $x_n$  is strictly increasing, which  
implies  $x_n > x_1 = 1$  for all  $n$ . Hence
