Crime Types and Criminals is an essential introduction to the study of criminology, focusing on crime types in particular. This book provides broad coverage of all major crime types, as well as coverage of research methods and theory. This book can be used both as a stand-alone and supplementary text in courses such as introduction to criminology, crime and society, deviant behaviour, crime profiling, and many other courses within the criminology and criminal justice discipline. Unlike many of the current criminology books on the market, this is a brief book that really talks about all kinds of crime and criminals in detail in a way to capture and retain student interest.
