User manual Neato Botvac D4 Connected (44 pages)

Neato robot vacuums use a laser range finder to travel in straight lines that partially overlap. The laser range finder scans the robot's surroundings

in a 360-degree circle, and an algorithm helps the robot map the room being vacuumed to track its progress. Neato vacuums will automatically return to their charging base when the battery is low.

Neato Vacuum Repair - iFixit: The Free Repair Manual

Neato vacuums run without the need for supervision or hands-on operation. These little vacuums are controlled by software and powered by a rechargeable battery. Sensors built into the hardware measure the distance from the vacuum to other objects and the vacuum uses these measurements to avoid collisions.

5 Best Neato Robotic Vacuums - Dec. 2020 - BestReviews

Congratulations on your new robot vacuum. This Wi-Fi enabled robot allows you to manage your floor cleaning from a phone, tablet, and other smart devices. This guide will help get your robot set up and connected via the Neato app. You'll also find some important information on operating and maintaining your robot for best performance.

User manual Neato Botvac D6 Connected Wifi-enabled robot ...

The Neato Vacuum's LCD Control Center screen is your interface to communicate with the vacuum. This is where you give the vacuum its cleaning schedule or pause its cleaning cycle, and it's also where the vacuum will give you information. For example, it may tell you that it is returning to its base to recharge.
