The self-proclaimed "World's Greatest Fable" is finally given the five-star treatment he so richly deserves in Jack of Fables: The Deluxe Edition Book Two! Written by Fables creator Bill Willingham and Matthew Sturges, this second of three prodigious volumes collects issues #17-32 of the classic series and features a special section of preliminary artwork by Braun, as well as an all-new introduction by Jack's faithful companion, Gary (the Pathetic Fallacy). After leaving the safe but stifling confines of Fabletown for the cruel and dream-crushing streets of Hollywood, the incomparable Jack Horner (a.k.a. Jack B. Nimble, a.k.a. Jack the Giant Killer, a.k.a. Jack of the Tales) found unprecedented fame and fortune by cashing in on his own overly embellished legend-only to have it all taken away by the unforgiving enforcers of Fabletown's laws. Now, stripped of his wealth and forced into exile, Jack must return to his roots as a wandering ne'er-do-well, chasing after easy money and easier women. But upon hitting the open road, it soon becomes clear that the Mundane world boasts dangers the likes of which even this most experienced and charming of rogues has never before faced. That's the problem with being so naturally amazing-the rest of reality is always a disappointment! Authors Bill Willingham and Matthew Sturges are joined by illustrators Russ Braun, Tony Akins, Jos ?Marz? Jr., Andrew Pepoy, Steve Leialoha and Dan Green to bring you Jack of Fables: The Deluxe Edition Book Two.

I am the Honourable Daisy Wells, President of the Detective Society, one of the greatest detectives ever known - and also a fourth former at Deepdean School for Girls. Violet Darcy - one of the Big Girls - recently asked me to solve a most puzzling romantic mystery. I knew I'd be able to crack the case, and I did, in just a day and a half. It was one of my greatest triumphs (Hazel Wong, my Vice-President and best friend, is telling me that this is boasting, but it is also the truth). Hazel didn't believe I would have the patience to write the account of it, but of course, she was wrong. I did write it down, and it came out very well. I now, therefore, present to you: the Case of the Blue Violet.

A prequel to the scorching paranormal romance, The Boss, Maddie Thompson's life just fell down a rabbit hole. Finding out she's a dragon shifter was one thing—she never quite fit into the human world, and this new reality feels...strangely right. However, discovering the next step is to choose a mate, and if she chooses wrong she'll die, is the other side of crazy. Especially when she already left a piece of her heart with someone who didn't want it. To say dragon enforcer Fallon Conleth was shocked when the Mating Council summoned him as a potential mate for a newly found dragon doesn't quite cover it. A mate is rare and precious and many dragons never find theirs. Fallon isn't sure he's worthy of the honor, not when so many deserve it more. He'll just go through the motions and return home alone...until he sees Maddie. The human woman he reluctantly let walk away. Fallon already broke Maddie's heart once, but if he can't convince her that they're meant to be, she'll die...and he won't be far behind. Each book in the Fire's Edge series is STANDALONE: * The Mate (prequel) * The Boss * The Rookie

Ruthless dragon king Ladon Ormarr must keep his throne—and his people—safe from the cruel High King at all costs. With war on the horizon, he'll need a miracle to protect his clan. Luckily, the fates have dropped the irresistible Skylar Amon right into his lap. Or so he thought. Because the last thing this phoenix wants is him. A phoenix mate is the ticket to securing his throne, but this fiery Amon sister detests Ladon, doesn't stick to protocols, and regularly offends his warriors and advisers. Skylar also has no intention of sticking around, nor does she believe in the whole destined-mates thing. But if it means taking out the High King who murdered her parents, she'll put up with the too-sexy-for-her-sanity Ladon...temporarily. Their mating bond may make them want to tear off their clothes, but outside the bedroom...well, Ladon is positive the fates hate him. Just as he starts to win over the mercurial phoenix, everything goes to hell when the High King makes his final move. And Ladon will burn down the world to keep the mate he is unwilling to live without. Each book in the Inferno Rising series is STANDALONE: * The Rogue King * The Blood King

When fairy tales turn into nightmares...Ellie Aubrey has spent most of her unnaturally long life hiding her extraordinary abilities from the world. Suspicious of the new girl in town, he challenges Ellie in ways that will spark one of two possible outcomes: they'll spontaneously combust, or she'll lose control of the one power she's fought so hard to contain.In this fairy tale, the dragon the prince must slay is also the princess who holds his heart.**This novel was previously published with a different cover, but has undergone a re-edit. Things were added and changed, but the kissing still remains!

This handbook is the first to provide a conceptual framework and rationale—based on scientific, theoretical, and empirical evidence—for combining cognitive behavior therapy with hypnotherapy in treating clinical depression. The conceptual framework—the Circular Feedback Model of Depression—allows clinicians to adopt an evidence-based practice in psychotherapy, integrating the best research with clinical expertise in the context of patient characteristics, culture, and preferences. The book offers detailed guidance in applying empirically supported principles of psychological assessment, treatment protocols, therapeutic relationship, and intervention.

At only sixteen years of age, she is a beautiful terror, with her wavy blond locks and her shockingly violet eyes. Her skin is as fair as she is foul. Only I can stop her. Only I dare to rise up against her, for the sake of a kingdom that is not my own. Others may scorn me for interfering, but interfere I must. I will not allow this exquisite monster to harm more than she already has. Some might call me the monster, but I? I know the truth, and I will not hesitate to do what I must. This gripping retelling will make you question if perhaps the fairy had the right of it for placing the princess under the sleeping curse. The volume contains Of Slumber and Discord and The Cost of Magic.
