Proper documentation is critical to your success. Clear the confusion, streamline processes, and ensure accuracy, with "Essential Forms for Therapists" For a rehab facility, proper documentation is the most critical aspect of financial survival. But unfortunately, it is an area that causes confusion for clinical and non-clinical staff alike. If therapists do not document properly, they run the risk of improper reimbursement and denials. And even if done properly, documentation can be time-consuming and difficult. Simplify the process and ensure accuracy This book and CD-ROM set features over 100 modifiable forms, including: Therapy registration forms Plan of treatment for outpatient rehabilitation forms Plan of progress forms Therapy daily notes forms and flow sheets All are designed and tested by experts in the field to ensure that critical information is recorded accurately. Save time and streamline your processes The book is divided into four sections for your convenience: Therapy documentation Managed care Personnel management and human resources Essential CMS And the CD-ROM includes additional sections for job descriptions and performance reviews. These forms can easily be customized to fit individual or clinic needs and are geared toward all therapy staff. Take a look at some of the time-saving forms you'll receive: Inpatient rehab patient assessment instrument Medical necessity documentation form Occupational therapy flow sheet Physical therapy and occupational therapy evaluation Physical therapy daily notes Physical therapy flow sheet Plan of progress for outpatient rehabilitation Plan of treatment for outpatient rehabilitation Rehabilitation therapy registration form Speech language pathology flow sheet Speech therapy evaluation Therapy checklist Therapy discharge Therapy

progress report Updated plan of progress for outpatient rehab Advanced beneficiary notice--General Advanced beneficiary notice--Laboratory CORF facility request for certification to participate in Medicare program CORF survey report Fire safety report Fire-smoke zone evaluation worksheet Medicare reconsideration request form Medicare redetermination request form Notice of denial of medical coverage Notice of denial of payment Who will benefit . . . Physical therapists, occupational therapists, speech-language pathologists, and managers in outpatient facilities, comprehensive outpatient rehabilitation facilities, private practice, hospitals and nursing homes

Build your documentation skills—and your confidence. Step by step, this text/workbook introduces you to the importance of documentation; shows you how to develop and write a proper and defensible note; and prepares you to meet the technological challenges you ' ll encounter in practice. You ' ll learn how to provide the proper documentation to assure all forms of reimbursement (including third party) for your services. You ' ll also explore issues of patient confidentiality, HIPAA requirements, and the ever-increasing demands of legal and ethical practice in a litigious society.

Ensure confident clinical decisions and maximum reimbursement in a variety of practice settings such as acute care, outpatient, home care, and nursing homes with the only systematic approach to documentation for rehabilitation professionals! Revised and expanded, this hands-on textbook/workbook provides a unique

# Online Library Physical Therapy Documentation Templates Medicare

framework for maintaining evidence of treatment progress and patient outcomes with a clear, logical progression. Extensive examples and exercises in each chapter reinforce concepts and encourage you to apply what you 've learned to realistic practice scenarios. UNIQUE! Combination textbook/workbook format reinforces your understanding and tests your ability to apply concepts through practice exercises. UNIQUE! Systematic approach to documenting functional outcomes provides a practical framework for success in numerous practice settings. Case studies show you how to format goals through realistic client examples. Practice exercises provide valuable experience applying concepts to common clinical problems. Four NEW chapters address additional aspects of documentation that rehabilitation professionals will encounter in practice: Legal aspects of documentation Documentation in pediatrics Payment policy and coding Computerized documentation

Geriatric Physical Therapy offers a comprehensive presentation of geriatric physical therapy science and practice. Thoroughly revised and updated, editors Andrew Guccione, Rita Wong, and Dale Avers and their contributors provide current information on aging-related changes in function, the impact of these changes on patient examination and evaluation, and intervention approaches that maximize optimal aging. Chapters emphasize evidence-based content that clinicians can use throughout the patient management process. Six new chapters include: Exercise Prescription, Older Adults and Their Families, Impaired Joint Mobility, Impaired Motor Control, Home-based Service Delivery, and Hospice and End of Life. Clinically

## Online Library Physical Therapy Documentation Templates Medicare

accurate and relevant while at the same time exploring theory and rationale for evidence-based practice, it ' s perfect for students and practicing clinicians. It ' s also an excellent study aid for the Geriatric Physical Therapy Specialization exam. Comprehensive coverage provides all the foundational knowledge needed for effective management of geriatric disorders. Content is written and reviewed by leading experts in the field to ensure information is authoritative, comprehensive, current, and clinically accurate. A highly readable writing style and consistent organization make it easy to understand difficult concepts. Tables and boxes organize and summarize important information and highlight key points for quick reference. A well-referenced and scientific approach provides the depth to understand processes and procedures. Theory mixed with real case examples show how concepts apply to practice and help you enhance clinical decision-making skills. Standard APTA terminology familiarizes you with terms used in practice. A new chapter, Exercise Prescription, highlights evidence-based exercise prescription and the role of physical activity and exercise on the aging process. A new chapter, Older Adults and Their Families, helps physical therapists understand the role spouses/partners and adult children can play in rehabilitation, from providing emotional support to assisting with exercise programs and other daily living activities. New chapters on Impaired Joint Mobility, Impaired Motor Control, Home-based Service Delivery, and Hospice and End of Life expand coverage of established and emerging topics in physical therapy. Incorporates two conceptual models: the Guide to Physical Therapist Practice, 2nd Edition, and the International Classification of Function, Disability, and Health (ICF)
