Change | It Still Runs

Just had our Ford Fiesta serviced including an oil change. Two weeks after, there was a message displayed - "ENGINE OIL CHANGE DUE NEXT SERVICE" and also a warning light was displayed on the dashboard. The dashboard warning light was a yellow oil can with a squiggly line under it. This light can mean that your oil is contaminated with diesel.

How to turn off/reset the oil change warning light Ford ...

A small amount of oil in the engine, even well below factory specifications, will circulate through the engine at a pressure high enough to avoid activating the sensor. The most common situations in which low engine oil causes the oil warning light to illuminate are unknown slow leaks in the oil system, an improperly replaced drain plug or oil ...

5 Ways to Remove Oil Stains From Your Driveway or Garage

The Honda CR-V low oil pressure warning light comes on either due to low oil level or low oil pressure. Do as follows:

1. Pull off the road, stop in a safe place and on level ground.
2. Stop the engine and allow it to site for around 3 minutes.
3. Open the bonnet / hood and check the engine oil level.
- 4.

Honda CR-V Dashboard Warning Lights - DASH-LIGHTS.COM

On the other hand, if the level is between “ add ” and “ full, ” and then engine was running quietly, you could have a bad oil pressure sending unit, light switch, or oil pressure gauge. You can safely drive home and have this fixed, but if the engine starts to sound noisy, stop immediately and
