employee traits — especially for anyone applying for management-level positions.

Typical undergraduate CS/CE majors have a practical orientation: they study computing because they like programming and are good at it. This book has strong appeal to this core student group. There is more than enough material for a semester-long course. The challenge for a course in programming language concepts is to help practical students understand programming languages at an unaccustomed level of abstraction. To help meet this challenge, the book includes enough hands-on programming exercises and examples to motivate students whose primary interest in computing is practical

The title of the book secret of money-making is about personal financial planning. The reader will know the importance of the wealth cycle. Wealth-cycle epitomizes the relationship between the flow of money and a person's life. It is a precise and simple way to look at your entire financial life and quickly figure out your position and make investment decisions, wealth protection plans and plan for successor or transfer of wealth. Developing a wealth management plan will secure one's financial independence. Birth, childhood, graduation, early employment, marriage, children, education/marriage of children, and retirement -- these are the life phases that people normally go through. The asset allocation and investment choices that are made would need to keep the life cycle in mind. Thus, in the early stages of one's professional career, the investment mix would be more like that set out above for the "Accumulation" phase in the wealth cycle. Towards retirement, it would be more like the "Distribution" phase in the wealth cycle. The investment mix would need to specifically provide for expected spikes in expenses in between ("Transition" phase), such as for buying a house, the marriage of children, etc.

This publication establishes requirements for all the important areas of the safety of research reactors, with particular emphasis on requirements for design and operation. It covers the lifetime of research reactor facilities, from site evaluation to design and construction, commissioning, operation, including utilization and modification, and decommissioning.

Published together for the first time are selections from all Kafka's writings: The Metamorphosis, Josephine The Singer, plus his short stories, parables, and his personal diaries and letters.

The impact of globalization on the world's developing economies is not conclusive: studies show conflicting conclusions to the same problems in the context of globalization in developing countries. It is this analytical inconclusiveness that is at the heart of this collection, which makes a fresh attempt to study the real impact of globalization.

The communication tools and outlets used for storing and delivering information are known as media. Some of its different types are print media, publishing, news media and broadcasting. The production as well as distribution of reports using different media is known as journalism. It generally serves as a fourth estate, providing opinions and critique on social issues as well as government policies. There are numerous forms of journalism such as gonzo journalism, sensor journalism and yellow journalism. Gonzo journalism makes use of a subjective and personalized style of reporting. Sensor journalism refers to the practice of using sensors to support journalistic enquiry. The writings which emphasize rumors and exaggerated claims are often termed as yellow journalism. This book elucidates the concepts and innovative models around prospective developments with respect to media, journalism and communication. It presents researches and studies performed by experts across the globe. This book will prove to be immensely beneficial to students and researchers in this field.

Report shows that employers across Qatar frequently violate workers' right to wages and that Qatar has failed to meet its 2017 commitment to the International Labour Organization to protect migrant workers. At the heart of the abuses lies the kafala, or sponsorship, system which give employers control over migrant workers.

For over 30 years, the Unislim programme has been helping Irish people achieve their weight loss goals. Based on a healthy, nutritious eating plan, Unislim encourages members to make healthy lifestyle changes that they can stick to.

These workshop proceedings discuss releasing the potential of SMEs by enhancing their access to global markets.
