'Basic Italian' provides readers with the basic tools to express themselves in a wide variety of situations. The book contains 23 individual grammar points in lively and realistic contexts.

The Second Edition of Parliamo italiano! instills five core language skills by pairing cultural themes with essential grammar points. Students use culture—the geography, traditions, and history of Italy—to understand and master the language. The 60-minute Parliamo italiano! video features stunning, on-location footage of various cities and regions throughout Italy according to a story line corresponding to each unit's theme and geographic focus.

Music moves through time; it is not static. In order to appreciate music we must remember what sounds happened, and anticipate what sounds might come next. This book takes you on a journey of music from past to present, from the Middle Ages to the Baroque Period to the 20th century and beyond!

This new edition of the Modern French Grammar is an innovative reference guide to French, combining traditional and function-based grammar in a single volume. Divided into two parts, Part A covers traditional grammatical categories such as word order, nouns, verbs and adjectives and Part B is organized around language functions and notions such as: giving and seeking information describing processes and results expressing likes, dislikes and preferences. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition of the Grammar, this second edition includes clearer explanations and greater emphasis on areas of particular difficulty for learners of French. This is the ideal reference grammar for learners of French at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is assumed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern French Grammar Workbook Second Edition which features related exercises and activities.

From around 1800, shortly before Pasquale Galluppi's first book, until 1950, just before Benedetto Croce died, the most formative influences on Italian philosophers were Kant and the post-Kantians, especially Hegel. In many ways, the Italian philosophers of this period lived in turbulent but creative times, from the Restoration to the Risorgimento and the rise and fall of Fascism. From Kant to Croce is a comprehensive, highly readable history of the main currents and major figures of modern Italian philosophy, described in a substantial introduction that details the development of the discipline during this period. Brian P. Copenhaver and Rebecca Copenhaver provide the only up-to-date introduction in English to Italy's leading modern philosophers by translating and analysing rare and original texts and by chronicling the lives and times of the philosophers who wrote them. Thoroughly documented and highly readable, From Kant to Croce examines modern Italian philosophy from the perspective of contemporary analytic philosophy.

This book discusses the natural and anthropogenic determinants of the environment and their impact on human health. It throws light on the perspectives of climate change with case studies from Australia, India, Italy, and Latin America. Themes covered are ecology of antibiotic resistant microorganisms, pesticide and heavy metal (arsenic) problems in natural environment; molecular advances in understanding of microbial interactions; ecological studies of human/animal health and diseases; food security, technological developments and more. The various chapters incorporate both theoretical and applied aspects and may serve as baseline information for future research through which significant development is possible.

Learn beginner Italian grammar painlessly with step-by-step lessons that focus on the essentials and help you build a learning habit. Inside "Italian Grammar For Beginners" you'll find: 30 beginner-level Italian grammar lessons: This reference and practice book covers everything you need to know about beginner Italian grammar.
