Mazzucato's detailed

often the innovators,
risk-takers, and
entrepreneurs in the
economy.

The Entrepreneurial
State is a polemic. It is
effective at imparting its
message, which is
critical because the
rhetoric it is attempting
to counter is both clear
and pervasive, though
ideologically driven and
counterfactual. Perhaps
it boils down to its
genesis as a shorter
report, but this book is
unusually fractal.
