Mind Understanding Contemporary

Doi's book focuses on the Japanese concept of emotional dependence, but The Japanese Mind gives an on-the-ground view of a wide range of topics in a way that would be more useful to newcomers who are getting established. Doi's book should be on the reading list too, but a little later. All of the essays in The Japanese Mind are excellent. The authors do a great job of representing their country and what they want for it domestically and globally.

All in all, this book is an easy-to-use introduction to the distinguishing characteristics of Japanese society; an invaluable resource for anyone - business people, travelers, or students - perfect for course adoption, but also for anyone interested in Japanese culture. -- Description from <http://www.barnesandnoble.com> (May 27, 2015).

Japanese Culture: The Religious and Philosophical Foundations takes readers on a thoroughly researched and extremely readable journey through Japan's cultural history. This much-anticipated sequel to Roger Davies's best-selling The Japanese Mind provides a comprehensive overview of the religion and philosophy of Japan. This cultural history of Japan explains the diverse cultural traditions that underlie modern Japan and offers readers deep insights into Japanese manners and etiquette. Davies begins with an investigation of the origins of the Japanese, followed by an analysis of the most important approaches used by scholars to describe the essential elements of Japanese culture. From there, each chapter focuses on one of the formative elements: Shintoism, Buddhism, Taoism, Zen, Confucianism, and Western influences in the modern era. Each chapter is concluded with extensive endnotes along with thought-provoking discussion activities, making this volume ideal for individual readers and for classroom instruction. Anyone interested in pursuing a deeper understanding of this complex and fascinating nation will find Davies's work an invaluable resource.

As Japan enters the 21st century with a new emperor, this title continues to be an indispensable guide through often enigmatic and historical idiosyncrasies of Japanese culture and politics that are often confusing to the outsider. This title includes information on the latest social developments, customs, rituals, business culture, medicine and arts.

The Chinese: understanding a people and their culture through key words and language. The Chinese Mind pinpoints areas of China's traditional values and behaviors that play a significant role in the business and social relationships of the Chinese. It also identifies key areas of Chinese culture that have changed as a result of the adoption of a market-based economy and other elements of Western culture. It includes discussion topics and questions, along with an extensive selection of Chinese "code words" that explain the essence and role of key elements of the traditional culture that have survived into modern times. Covering everything from the importance of Confucius, the great Chinese philosopher, to the influence of foreign fast food and video games, this book provides a wide-ranging glimpse into the seemingly opaque Chinese mind. The Chinese Mind is an excellent overview of Chinese tradition, history, and culture that is perfect for the classroom, tourists or outsiders living or doing business in China. Some of the vital concepts explored here include: Yin and Yang, the search for balance in all things Mianji, the importance of face Hong, looking at things holistically De, the power of virtue Guo cui, the

national essence of the Chinese Zhong fu, the pursuit of insight Bi, unity the Chinese way

Why are the Japanese fascinated with the Jews? By showing that the modern attitude is the result of a process of accretion begun 200 years ago, this book describes the development behind Japanese ideas of Jews and how these images are reflected in their modern intellectual life

Understanding a people and their culture through code words and language. Today, South Korea is an economic, technological and entertainment superpower. How, as a country, did they rebound from war, poverty and political unrest? And how can that success be replicated in other cultures? The answers can, in fact, be found by understanding Korean customs, values and beliefs. Author Boye Lafayette De Mente identifies the unique qualities that comprise the Korean identity and articulates their modern expressions of Korean culture and history in this book. Organized alphabetically by topic, De Mente explains the critical cultural code words that make Korea the country it is today. Anyone interested in Korean etiquette, whether for travel or work, will discover that their meanings extend far beyond superficial English translations to deeper interpretations. Cultural code words include: Aboji, Ah-boh-jee — The "Father Culture" Anae, Ah-negh — Wives: The Inside People Han Yak, Hahn Yahk — The Herbal Way to Health Innae, Een-nay — A Culture of Enduring Katun Sosuy Pap, Kaht-unn Soh-suut Pahp — Eating from the Same Rice Bowl And over 200 more... This in-depth discussion covers the concepts and principles that are integral to the Korean way of life and provides all the Korean history and insight necessary for those readers eager to learn the secrets of this resilient and burgeoning, yet little-understood nation.

Featuring full-color photographs and illustrations throughout, this text is a comprehensive guide to Japanese culture. The richness of Japan's history is renowned worldwide. The heritage of culture that its society has produced and passed on to future generations is one of Japan's greatest accomplishments. In *Introduction to Japanese Culture*, you'll read an overview, through sixty-eight original and informative essays, of Japan's most notable cultural achievements, including: Religion, Zen Buddhism, arranged marriages and Bushido Drama and Art—from pottery, painting and calligraphy to haiku, kabuki and karate Cuisine—everything from rice to raw fish Home and Recreation, from board games such as Go to origami, kimonos and Japanese gardens The Japan of today is a fully modern, Westernized society in nearly every regard. Even so, the elements of an earlier age are clearly visible in the country's arts, festivals, and customs. This book focuses on the essential constants that remain in present-day Japan and their counterparts in Western culture. Edited by Daniel Sosnoski, an American writer who has lived in Japan since 1985, these well-researched articles, color photographs, and line illustrations provide a compact guide to aspects of Japan that often puzzle the outside observer. *Introduction to Japanese Culture* is wonderfully informative, a needed primer on the cultural make-up and behaviors of the Japanese. This book is certain to fascinate the student, tourist, or anyone who seeks to know and understand Japanese culture, Japanese etiquette, and the history of Japan.

The writings in this collection reflect some of the most innovative and influential work by Japanese intellectuals and cover a range of disciplines addressing the political, historical and cultural issues that have dominated Japanese intellectual life.
