Captives and Corsairs uncovers a forgotten story in the history of relations between the West and Islam: three centuries of Muslim corsair raids on French ships and shores and the resulting captivity of tens of thousands of French subjects and citizens in North Africa. Through an analysis of archival materials, writings, and images produced by contemporaries, the book fundamentally revises our picture of France's emergence as a nation and a colonial power, presenting the Mediterranean as an essential vantage point for studying the rise of France. It reveals how efforts to liberate slaves from North Africa shaped France's perceptions of the Muslim world and of their own "Frenchness". From around 1550 to 1830, freeing these captives evolved from an expression of Christian charity to a method of state building and, eventually, to a rationale for imperial expansion. Captives and Corsairs thus

advances new arguments about the fluid nature of slavery and firmly links captive redemption to state formation—and in turn to the still vital ideology of liberatory conquest.

"In *Consuming Fantasies: Labor, Leisure, and the London Shopgirl, 1880-1920*, Lise Shapiro Sanders examines the cultural significance of the shopgirl - both historical figure and fictional heroine - from the end of Queen Victoria's reign through the First World War. As the author reveals, the shopgirl embodied the fantasies associated with a growing consumer culture: romantic adventure, upward mobility, and the acquisition of material goods. Reading novels such as George Gissing's *The Odd Women* and W. Somerset Maugham's *Of Human Bondage* as well as short stories, musical comedies, and films, Sanders argues that the London shopgirl appeared in the midst of controversies over sexual morality and the pleasures and dangers of London itself. Sanders explores the shopgirl's centrality to modern conceptions of fantasy, desire, and everyday life for working women and argues for her as a key figure in cultural and social histories of the period. This study will appeal to scholars, students, and enthusiasts of Victorian and Edwardian life and literature."--BOOK JACKET.
