God revealed himself in

for nearly two thousand

years. But what does it really mean? In *God the Revealed* Michael Welker delves into this declaration and shows how it offers genuine insight into Christian faith. He asks Who is Jesus Christ for us today? and approaches the answer from five different angles -- the historical Jesus, the resurrection, the cross,

the reign of Christ, and eschatology. Uniquely, Welker argues for the need to place historical Jesus research in a Christology and proposes a Fourth Quest for the historical Jesus.

stories as rich as novels.

A student plagiarizes a

herself complicit in the  
resurrection of one  
professor's shadowy  
past. A dinner party  
becomes the occasion  
for the dissolution of

more than one marriage. A woman is hired to find a wife for the one true soulmate she's ever found. In all, Rebecca Lee traverses the terrain of infidelity, obligation, sacrifice, jealousy, and yet finally, optimism. Showing people at their most vulnerable, Lee creates characters so wonderfully flawed, so

driven by their desire, so compelled to make sense of their human condition, that it's impossible not to feel for them when their fragile belief in romantic love, domestic bliss, or academic seclusion fails to provide them with the sort of force field they'd expected.
