The Littleboys, and the Lakota people, live in a fundamentally different way: a sacred way. The biggest culture shock for me, and the most valuable insight, was what Mike constantly called “walking in a sacred manner.” By no means does the entire reservation embrace this way of life, but for the Littleboys, religion is pervasive.

Walking in the Sacred Manner is an exploration of the myths and culture of the Plains Indians, for whom the everyday and the spiritual are intertwined and women play a strong and important role in the spiritual and religious life of the community. Based on extensive first-person interviews by an established expert on Plains Indian women, Walking in the Sacred Manner is a singular and authentic record of the participation of women in the sacred traditions of Northern Plains tribes, including Lakota, Cheyenne, Crow, and Assiniboine. Through interviews with holy women and the families of women healers, Mark St. Pierre and Tilda Long Soldier paint a rich and varied portrait of a society and its traditions. Stereotypical images of the Native American drop away as the voices, dreams, and experiences of these women (both healers and healed) present insight into a culture about which little is known. It is a journey into the past, an exploration of the present, and a view full of hope for the future.

This is the first comprehensive survey of the critical connections between religion, nature and the environment. It includes writings from sacred texts and a broad spectrum of new eco-theological selections. Historical and contemporary selections from key authors and a multicultural range of sources make This Sacred Earth an invaluable teaching resource and a unique introduction to the theory and practice of religious environmentalism.

It starts as a Martha Stewart-style fantasy. When newlywed gardening magazine editor Laura Von Baden and her husband, Thomas, purchase 40 acres of land in northwestern Colorado, Laura envisions a picturesque rural retreat; and discovering she's pregnant only fuels her passion for creating the ideal country home—an escape from city stresses—for her family. But the dream starts to unravel when Laura and Thomas find themselves plagued with absentee landowner responsibilities as a menacing neighbor trespasses, floods their land, and swindles them out of water and mineral rights.As the neighborly dispute degenerates into a full-blown feud, Laura begins to see an explosive, frighteningly irrational side to city-bred Thomas, who starts spending spend more and more time up on their 40 acres, even as a pregnancy complication leaves Laura bedridden in Denver, her career and marriage in jeopardy.A rich cast of characters, including Laura's new-age best-friend Serrine, her career-challenged brother Lester, their eccentric mother, an unusual mountain man, and a Native American high school teacher/deputy sheriff, all play warm and sometimes comic roles as the crises around Laura escalate toward an unexpected but wholly satisfying conclusion.In Road Shoes, author Darla Worden addresses a large number of topics of current interest: the subdividing of the West into "vanity ranches"; the baby-boomer propelled gardening boom; survivalists; Native American rights and artifacts; the more subtle, verbal forms of domestic violence; career woman pregnancy; "Earthships" (self-sufficient dwellings of the type actor/environmentalist Dennis Weaver built in Colorado); male bonding and "drumming"; and various alternative health practices and new-age ideas. Worden successfully integrates these diverse elements to create a fascinating, deep-textured—and often humorous—environment in which the story's emotional events unfold.Worden has a gift for writing in general, a fresh and appealing voice, and a flair for ironic humor and social satire.

This groundbreaking book underlines the primordial richness of language by focusing upon the spiritual qualities in poetry which serve to bridge the human and the Divine.

Those familiar with the music of Dan Schutte are in for a great treat here. As in his music, he deals with themes of longing and desire for God, the hungers of the human heart, unfulfilled human hopes and dreams, and the profound happiness of finding ones home in God. The exercises here are loosely based on the Spiritual Exercises of St. Ignatius of Loyola, and the goal is the same for both: to draw readers into a personal, living, growing relationship with Jesus Christ.

Almost thirty years after its initial publication, Paula Gunn Allen's celebrated study of women's roles in Native American culture, history, and traditions continues to influence writers and scholars in Native American studies, women's studies, queer studies, religion and spirituality, and beyond This groundbreaking collection of seventeen essays investigates and celebrates Native American traditions, with special focus on the position of the American Indian woman within those customs. Divided into three sections, the book discusses literature and authors, history and historians, sovereignty and revolution, and social welfare and public policy, especially as those subjects interact with the topic of Native American women. Poet, academic, biographer, critic, activist, and novelist Paula Gunn Allen was a leader and trailblazer in the field of women's and Native American spirituality. Her work is both universal and deeply personal, examining heritage, anger, racism, homophobia, Eurocentrism, and the enduring spirit of the American Indian.

Almost a million people die by suicide every year (WHO estimate) The sheer numbers have made suicide prevention a major health target, but effective prevention is not straightforward. Suicide is a complex event, more complex than most of us imagine, calling for an equally complex response. Psychotherapy with Suicidal People provides a multi-component approach, with rich clinical data including many case histories, to guide the reader. Based on decades of research from across the globe, Antoon A. Leenaars takes the reader into the mind of the suicidal person, from the young to the famous. There is no better way to know, and thus to treat, a person. A plethora of special features makes this volume an international classic and includes: Reflections of many suicidologists such as Heraclitus, Plato, Sigmund Freud, Emile Durkheim and Edwin Shneidman. A unique window on the clinical mind of the author. Empirically supported definition, with applications across age, gender, historical time, as well as culture. The report of the International Working Group on Ethical and Legal Issues in Suicidology. Psychotherapy with Suicidal People: A Person-centred Approach is essential reading for clinical psychologists, psychiatrists and their trainees, and all clinicians who work with suicidal people.

The first comprehensive history of the Lakota Indians and their profound role in shaping America's history This first complete account of the Lakota Indians traces their rich and often surprising history from the early sixteenth to the early twenty-first century. Pekka Hämäläinen explores the Lakotas' roots as marginal hunter-gatherers and reveals how they reinvented themselves twice: first as a river people who dominated the Missouri Valley, America's great commercial artery, and then—in what was America's first sweeping westward expansion—as a horse people who ruled supreme on the vast high plains. The Lakotas are imprinted in American historical memory. Red Cloud, Crazy Horse, and Sitting Bull are iconic figures in the American imagination, but in this groundbreaking book they emerge as something different: the architects of Lakota America, an expansive and enduring Indigenous regime that commanded human fates in the North American interior for generations. Hämäläinen's deeply researched and engagingly written history places the Lakotas at the center of American history, and the results are revelatory.
